What I learned/gained/...

- git & git.gnome.org powers
- bugzilla & bugzilla.gnome.org powers
- Mallard
- 200+ commits (user documentation)
- Boston Summit
- Toronto Documentation Hackfest
- Open Help Conference in Cincinatti
Mentor: Danielle Madeley

Integrating Telepathy into Evince

Working with & learning:
- Gtk3+
- Folks
- Telepathy
- Vala
- DevHelp (API documentation)
- code is in gitorious
Thank-you GNOME!
