Media Explorer and Telepathy

A funny talk by:
Dario Freddi <dario.freddi@collabora.com>
hi
I'm Dario
Collabora
Clutter
Warning
Lots of devices
YOU'RE F**KING NEXT!

VERY DEMOTIVATIONAL.com
TV

Headset
Video calls
Phone
Phone

(not much I can do about that, sorry)
TV
Set Top Box
Media Explorer

(Screenshots in next slides, take it easy. I still have a few minutes)
Telepathy
GStreamer

Didn't find a bigger logo, sorry
wait
IM on the TV?
Well, not really
Well, not really

• A different use case
Well, not really

- A different use case
- Only selected features
Well, not really

Video UI
Video UI

- Simple, simple, simple
Video UI

• Simple, simple, simple
• Designed for quick calls
Video UI

• Simple, simple, simple
• Designed for quick calls
• *Integrated*
Ya think?

You may be overly optimistic about my desire to exercise.

peregrin 5/11/09
A new plugin

• Mex is modular
• IM features should be optional
• Plugins are cool
Farsight

- Easy video calls
- Uses GStreamer
- Part of Telepathy
No, please, go on.

I find your tale absolutely enthralling.
Contacts (2)

test2@test.collabora.co.uk
Aw, snap
Aw, snap
Now that's *REALLY* cool
Aw, snap

Now that's REALLY cool

Isn't it?
Aw, snap

Now that's *REALLY* cool

*Isn't it?*

*No, seriously.*
Demo?
Demo?
Video!
Moar demos?

- Try it!
- Source code branched in mex
- MeeGo packages available!
